BURNS

The Journal of the International Society for Burn Injuries

2001

Volume 27

(ISSN 0305-4179)

PII: S0305-4179(01)00115-2

Publishers: Elsevier Science Ltd. Bampfylde St, Exeter, Devon EX1 2AH, UK

Editor: Dr. P. Shakespeare, Laing Laboratory for Burn Injury, Salisbury District Hospital, Salisbury, Wilts SP2 8BJ, UK

Volume 27 Number 1 February 2001

Scientific and Clinical Papers

1 **Demonstration of epidermal transfer from a polymer membrane using genetically marked porcine keratinocytes**
I. Grant, R. L. H. Ng, B. Woodward, S. Bevan, C. Green and R. Martin

9 **A new technique for the analysis of endogenous mediators released following thermal injury**
L. Yregard, P. H. Löwhagen, J. Cassuto, U. Nilsson, L. Lindblom, J. Räntfors and P. Tarnow

17 **Vasoactive intestinal peptide and nitric oxide in the acute phase following burns and trauma**
G. Onuoha, K. Alpar and I. Jones

23 **A European hospital survey to determine the extent of psychological services offered to patients with severe burns**
N. E. E. Van Loey, A. W. Faber and L. A. Taal

33 **Epidemiology of paediatric burns in Indore, India**
G. Mukerji, S. Chamania, G. P. Patidar and S. Gupta

39 **Playing with fire — a significant cause of burn injury in children**
S. Y. Ying and W. S. Ho

42 **The effect of growth hormone on 24-h urinary creatinine levels in burned patients**
M. N. Akçay, G. Akçay, S. Solak, A. A. Balık and B. Aylu

46 **The rate of restoration of body weight after burn injury, using the anabolic agent oxandrolone, is not age dependent**
R. H. Demling and L. DeSanti

52 **The impact of antithrombin (H) concentrate infusions on pulmonary function in the acute phase of thermal injury**
A. Kowal-Vern, J. M. Walenga, V. McGill and R. L. Gamelli

Burn Care in Practice

61 **Expansion technique for skin grafts (Meek technique) in the treatment of severely burned patients**
A. R. Lari and R. K. Gang

67 **An open study comparing topical silver sulfadiazine and topical silver sulfadiazine–cerium nitrate in the treatment of moderate and severe burns**
C. G. de Gracia

Case Reports

75 **The use of latissimus dorsi muscle flap in the aesthetical reconstruction of heat-press injury of the hand**
M. Hatoko and T. Muramatsu

81 **Corneal perforation with extrusion of lens in a burn patient**
W. S. Ho, T. S. Leung and S. Y. Ying

84 **Acute thrombocytopenic crisis following burns complicated by staphylococcal septicaemia**
A. George, R. L. Bang, A.-R. Lari and R. K. Gang

89 **Infantile digital fibromatosis — a case report**
P. T. Chirayil, J. Jayaraj and P. Kumar

91 **Letters to the Editors**

93 **Recent References**

I **Contents of the Journal of Burn Care & Rehabilitation**

Volume 27 Number 2 March 2001

Scientific and Clinical Papers

103 **Do burn patients need burn specific multidisciplinary outpatient aftercare: research results**
N. E. E. Van Loey, A. W. Faber and L. A. Taal

111 **Clinical outcome of HIV positive patients with moderate to severe burns**
J. M. Edge, A. E. Van der Merwe, C. H. Pieper and P. Bouic

115 **Pediatric burn injuries in Tehran, Iran**
R. Alaghehbandan, A. MacKay Rossignol and A. Rastegar Lari

119 **An epidemiological study of 1063 hospitalized burn patients in a tertiary burns centre in Hong Kong**
W.-S. Ho and S. Y. Ying

125 **Suicidal burns in Hong Kong Chinese**
W. S. Ho and S. Y. Ying

129 **Type III secretion/intoxication system important in virulence of *Pseudomonas aeruginosa* infections in burns**
I. A. Holder, A. N. Neely and D. W. Frank

131 **Multi-drug resistant *Pseudomonas aeruginosa* outbreak in a burns unit — an infection control study**
M. W. Douglas, K. Mulholland, V. Denyer and T. Gottlieb

136 **Microbiologic aspects of predominant bacteria isolated from the burn patients in Korea**
W. Song, K. M. Lee, H. J. Kang, D. H. Shin and D. K. Kim

140 ***Acinetobacter baumannii* — An emerging nosocomial pathogen in the burns unit Manipal, India**
S. Sengupta, P. Kumar, A. M. Ciraj and P. G. Shivananda

145 **Effects of early enteral feeding on the prevention of enterogenic infection in severely burned patients**
Y. Z. Peng, Z. Q. Yuan and G. X. Xiao

150 **Acellular allograft dermal matrix: immediate or delayed epidermal coverage?**
A. M. Munster, M. Smith-Meek and A. Shalom

154 **Burn depth and its histological measurement**
A. M. I. Watts, M. P. H. Tyler, M. E. Perry, A. H. N. Roberts and D. A. McGrouther

161 **Arterial thermodilution: an alternative to pulmonary artery catheter for cardiac output assessment in burn patients**
C. Holm, B. Melcer, F. Hörbrand, G. Henckel von Donnersmarck and W. Mühlbauer

Burn Care in Practice

167 **A newly developed hydrofibre dressing, in the treatment of partial-thickness burns**
A. F. P. M. Vloemans, A. M. Soesman, R. W. Kreis and E. Middelkoop

174 **Reconstruction of facial defects and burn scars using large size freehand full-thickness skin graft from lateral thoracic region**
B. Çeliköz, M. Deveci, H. Duman and M. Nişanci

179 ***Chryseobacterium* in burn wounds**
N. Kienzle, M. Muller and S. Pegg

183 **Current attitudes to burns resuscitation in the UK**
S. M. Wharton and A. Khanna

Case Reports

185 **Povidone-iodine related burns**
O. Nahlieli, A. M. Baruchin, D. Levi, Y. Shapira and B. Yoffe

189 **Failure to clear casts and secretions following inhalation injury can be dangerous: report of a case**
H. Nakae, H. Tanaka and H. Inaba

192 **Is 20 years of immobilization, not sufficient to render metacarpophalangeal joints completely useless? — Correction of a 20-year old post-burn palmar contracture: a case report**
H. Saraiya

196 **Burn injuries caused by air bag deployment**
D. Ulrich, E.-M. Noah, P. Fuchs and N. Pallua

200 **Longstanding pigmentary changes in paediatric scalds dressed with a non adherent siliconised dressing**
G. Williams, S. Withey and C. C. Walker

Letter to the Editor

203 **Staphylococcal septicaemia in burns**
S. I. Blot, E. A. Hoste, K. H. Vandewoude and F. A. Colardyn

Volume 27 Number 3 May 2001

Scientific and Clinical Papers

205 **Silicones in the rehabilitation of burns: a review and overview**
E. Van den Kerckhove, K. Stappaerts, W. Boeckx, B. Van den Hof, S. Monstrey, A. Van der Kelen and J. De Cubber

215 **Effects of mechanical compression on hypertrophic scars: prostaglandin E_2 release**
F. Renò, P. Grazianetti and M. Cannas

219 **Epidemiology and mortality of burns in the South West of Iran**
M.-R. Panjeshahin, A. R. Lari, A.-R. Talei, J. Shamsnia and R. Alaghehbandan

227 **A review of suicides by burning in Rome between 1947–1997 examined by the Pathology Department of the Institute of Forensic Medicine, University of Rome 'La Sapienza'**
G. Cave Bondi, L. Cipolloni, E. Parroni and R. Cecchi

233 **An audit of the use of laser Doppler imaging (LDI) in the assessment of burns of intermediate depth**
S. A. Pape, C. A. Skouras and P. O. Byrne

241 **Near infrared spectroscopic assessment of hemodynamic changes in the early post-burn period**
M. G. Sowa, L. Leonardi, J. R. Payette, J. S. Fish and H. H. Mantsch

250 **Cardiac apoptosis in burned rats with delayed fluid resuscitation**
Guang-Qing Wang, Zhao-Fan Xia, Bao-Jun Yu, Shi-Chu Xiao and Yu-Lin Chen

254 **Porcine small intestinal submucosa (SIS): a bioscaffold supporting in vitro primary human epidermal cell differentiation and synthesis of basement membrane proteins**
K. Lindberg and S. F. Badylak

267 **Cadaveric allograft discards as a result of positive skin cultures**
M. K. Obeng, R. L. McCauley, J. R. Barnett, J. P. Heggers, K. Sheridan and S. S. Schutzler

Burn Care in Practice

272 **Trends in blood conservation in burn care**
R. L. Sheridan and S. K. Szyfelbein

277 **Life threatening burn injuries on holidays: problems of primary care, homeland referral and treatment at a domestic burn centre**
D. Ulrich, E.-M. Noah, D. von Heimburg and N. Pallua

Case Reports

283 **Reconstruction of a full-thickness defect of the chest wall caused by friction burn using a combined myocutaneous flap of teres major and latissimus dorsi muscles**
I. Ono and T. Tateshita

289 **Onychocryptosis — phenol burn fiasco**
P. Sugden, M. Levy and G. S. Rao

293 **Prolonged intermittent hydrotherapy and early tangential excision in the treatment of an extensive strong alkali burn**
C. Açikel, E. Ülkür and M. M. Güler

297 **Letters to the Editors**

303 **Recent references**

I **Contents of the Annals of Burns and Fire Disasters**

Volume 27 Number 4 June 2001

Scientific and Clinical Papers

309 **The involvement of free radicals in burn injury: a review**
B. Latha and M. Babu

319 **Anti-oxidant effects of the extracts from the leaves of *Chromolaena odorata* on human dermal fibroblasts and epidermal keratinocytes against hydrogen peroxide and hypoxanthine–xanthine oxidase induced damage**
P. T. Thang, S. Patrick, L. S. Teik and C. S. Yung

329 **The utility of a burn specific measure of pain anxiety to prospectively predict pain and function: a comparative analysis**
L. A. Aaron, D. R. Patterson, C. P. Finch, G. J. Carrougher and D. M. Heimbach

335 **Long-term psychosocial adjustment after burn injury**
D. Gilboa

342 **A comparison of the outcomes of two clinical audits of burn pressure garment satisfaction and compliance in Saudi Arabia**
C. A. Brown

349 **Heparin in the treatment of burns: a review**
M. J. Saliba Jr

359 **Perfusion of burn wounds assessed by Laser Doppler Imaging is related to burn depth and healing time**
F. W. H. Kloppenberg, G. I. J. M. Beerthuizen and H. J. ten Duis

364 **Diagnosis of burn depth using laser-induced indocyanine green fluorescence: a preliminary clinical trial**
J. M. Still, E. J. Law, K. G. Klavuhn, T. C. Island and J. Z. Holtz

372 **Toxic epidermal necrolysis: 10 years experience of a burns centre in Hong Kong**
S.-y. Ying, W.-s. Ho and H. H. L. Chan

376 **Epidemiology of domestic chemical burns in Saudi Arabia**
J. Pitkanen and M. M. Al-Qattan

379 **Burns due to exposure to steam**
J. Still, B. Friedman, E. Law, H. Orlet and B. Craft-Coffman

382 **A study of burn injuries in the elderly in a regional burn centre**
W. S. Ho, S. Y. Ying and H. H. Chan

386 **The acute febrile response to burn injury in children may be modified by the type of intravenous fluid used during resuscitation — observations using fresh frozen plasma (FFP) or Hartmann's solution**
C. Childs, A. Renshaw, K. W. Dunn and P. J. Davenport

389 **Impact of early high caloric duodenal feeding on the oxygen balance of the splanchnic region after severe burn injury**
H. Andel, M. Rab, D. Andel, M. Felfernig, K. Hörauf, D. Felfernig, W. Schramm and M. Zimpfer

Burn Care in Practice

394 **Management of burn injuries during pregnancy**
S. S. Guo, J. S. Greenspoon and A. M. Kahn

398 **Delayed primary excision and grafting of full thickness alkali burns of the hand and forearm**
M. M. Al-Qattan and J. Pitkanen

401 **Earthquake related scald injuries — experience from the IDF field hospital in Duzce, Turkey**
D. D. Ad-El, D. Engelhard, Y. Beer, I. Dudkevitz and P. Benedeck

Case reports

404 **Hyperbaric oxygen treatment in deep frostbite of both hands in a boy**
D. von Heimburg, E. M. Noah, U. P. F. Sieckmann and N. Pallua

409 **Effect of facial pressure garments for burn injury in adult patients after orthodontic treatment**
R. Silfen, A. Amir, D. J. Hauben and S. Calderon

413 **Perianal burn caused by using the bidet**
O. Shulman, Y. Wolf and D. J. Hauben

415 **Letters to the Editors**

Volume 27 Number 5 August 2001

vii **Editorial**
Skin substitutes–benefits and costs
P. Shakespeare

Scientific and Clinical Papers

421 **Initial experience with a composite autologous skin substitute**
R. L. Sheridan, J. R. Morgan, J. L. Cusick, L. M. Petras, M. M. Lydon and R. G. Tompkins

425 **How long can cryopreserved skin be stored to maintain adequate graft performance?**
H. Ben-Bassat, M. Chaouat, N. Segal, E. Zumai, M. R. Wexler and A. Eldad

433 **Dermal cellular inflammation in burns. an insight into the function of dermal microvascular anatomy**
M. P. H. Tyler, A. M. I. Watts, M. E. Perry, A. H. N. Roberts and D. A. McGrouther

439 **Selective decontamination of the digestive tract in severely burned pediatric patients**
J. P. Barret, M. G. Jeschke and D. N. Herndon

447 **The effect of short-term growth hormone treatment on growth and energy expenditure in burned children**
J. F. Aili Low, R. E. Barrow, B. Mittendorfer, M. G. Jeschke, D. L. Chinkes and D. N. Herndon

453 **Metabolic disorder in myocardiac intracellular free calcium after thermal injury**
Z.-f. Xia, J. W. Horton, H.-t. Tang and Y. Yang

459 **Phosphate buffer in alkali eye burns as an inducer of experimental corneal calcification**
N. F. Schrage, B. Schloßmacher, W. Aschenbernner and S. Langefeld

465 **Topical use of Sucralfate Cream in second and third degree burns**
A. Banati, S. R. Chowdhury and S. Mazumder

471 **Assault by burning – a reappraisal**
W. S. Ho, S. Y. Ying, H. H. Chan and C. M. Chow

475 **Epidemiology and man-days loss in burn injuries amongst workers in an oil industry**
B. P. Sarma

Burn Care in Practice

481 **Serial tissue expansion for reconstruction of burns of the head and neck**
D. A. Hudson and E. Arasteh

489 **Skin care in burn patients: a team approach**
W.-S. Ho, H. H. Chan, S. Y. Ying, H. S. Cheng and C. S. Wong

492 **The management of white phosphorus burns**
T.-D. Chou, T.-W. Lee, S.-L. Chen, Y.-M. Tung, N.-T. Dai, S.-G. Chen, C.-H. Lee, T.-M. Chen and H.-J. Wang

498 **Problems associated with the use of silicone gel sheeting for hypertrophic scars in the hot climate of Saudi Arabia**
M. M. Nikkonen, J. M. Pitkanen and M. M. Al-Qattan

Case Reports

502 **High tension electrical injury from a telephone receiver**
P. C. Thomas and P. Kumar

504 **Minor burns and pneumatocoeles: a case report**
A. George, R. L. Bang, R. Gupta and E. M. Khalaf

509 **Deep dermal burn due to contact with stomach contents**
R. Alvi, P. Walmsley and M. I. James

512 **Contact burn by charcoal in an attempted suicide**
S. Y. Ying and W. S. Ho

Letter to the Editors

515 **The UK burn unit experience of the treatment of non-burn conditions**
S. Hettiaratchy, S. Alexander and J. Clarke

THEMED SECTION: SKIN SUBSTITUTES

Guest Editor: J.N. Kearney

517 **Burn wound healing and skin substitutes**
P. Shakespeare

523 **Design principles for composition and performance of cultured skin substitutes**
S. T. Boyce

534 **Skin substitutes: a review**
M. Balasubramani, T. R. Kumar and M. Babu

545 **Clinical evaluation of skin substitutes**
J. N. Kearney

553 **Recent references**

I **Contents of Société Française d'Etude et de Traitement des Brûlures**

Volume 27 Number 6 September 2001

Scientific and Clinical Papers

561 **Measurement of depth of burns by laser Doppler perfusion imaging**
E. J. Droog, W. Steenbergen and F. Sjöberg

569 **Elevation of plasma free PAI-1 levels as an integrated endothelial response to severe burns**
K. Aoki, N. Aikawa, K. Sekine, M. Yamazaki, T. Mimura, T. Urano and A. Takada

577 **Characteristics of plasma extracellular SOD in burned patients**
D. Saitoh, T. Ookawara, K. Fukuzuka, M. Kawakami, T. Sakamoto, H. Ohno and Y. Okada

583 **Predicting survival in an elderly burn patient population**
L. A. Wibbenmeyer, M. J. Amelon, L. J. Morgan, B. K. Robinson, P. X. Chang, R. Lewis II and G. P. Kealey

591 **The influence of body mass index on burn surface area estimated from the area of the hand**
M. G. Berry, D. Evison and A. H. N. Roberts

595 **Bacteriology of burn wounds — the first three years in a new burn unit at the Medical College Chandigarh**
R. Kaushik, S. Kumar, R. Sharma and P. Lal

Burn Care in Practice

599 **Usage of autograft and allograft skin in treatment of burns in children**
S. Qaryoute, I. Mirdad and A. Abu Hamail

603 **Free flaps in burn reconstruction**
F. De Lorenzi, R. van der Hulst and W. Boeckx

613 **Distant pedicle flaps for soft tissue coverage of severely burned hands: an old idea revisited**
D. J. Barillo, R. Arabitg, L. C. Cancio and C. W. Goodwin

621 **The use of silver coated dressings on donor site wounds: a prospective, controlled matched pair study**
M. E. Innes, N. Umraw, J. S. Fish, M. Gomez and R. C. Cartotto

629 **Isolated buttock burns: epidemiology and management**
T. Potokar, R. Ramaswamy and W. A. Dickson

635 **Partial liquid ventilation with perfluorocarbons for treatment of ARDS in burns**
J. A. Lozano, J. A. Castro and I. Rodrigo

643 **Intraoperative positioning for circumferential extremity burns**
A. Shalom and L. Wong

Case reports

647 **Clonus: an unusual delayed neurological complication in electrical burn injury**
M. Deveci, M. Bozkurt and M. Sengezer

652 **Treatment of drug-induced toxic epidermal necrolysis (Lyell's syndrome) with intravenous human immunoglobulins**
P. Paquet, E. Jacob, P. Damas and G. E. Piérard

656 **Fungal endocarditis in a paediatric burns patient**
J. L. C. Geh, P. Dziewulski and L. Teare

658 **Adrenal hemorrhage in a pediatric burn patient**
S. A. Deeb, R. B. Rosenberg, R. J. Wilkerson and J. A. Griswold

662 **Medical treatment of a central vein suppurative thrombosis with cerebral metastatic abcesses in a burned child**
P. Reper, P. Van Der Rest, A. Creemers, D. Vandenen and A. Vanderkelen

664 **Partial growth plate fusion caused by burn**
D. Kumar, R. Papini and R. M. Tillman

Obituary

668 **Obituary for Nahum Ben-Hur**
A. M. Baruchin

Volume 27 Number 7 November 2001

Scientific and Clinical Papers

669 **Membrane and soluble forms of Fas (CD95) in peripheral blood lymphocytes and in serum from burns patients**
M. Ju. Lebedev, Ju. S. Ptitsina, S. A. Vilkov, S. B. Korablev and V. V. Novikov

675 **Susceptibility of thermally injured mice to cytomegalovirus infection**
H. Kobayashi, M. Kobayashi, D. N. Herndon, R. B. Pollard and F. Suzuki

681 **An outbreak of methicillin resistant *Staphylococcus aureus* on a burn unit: potential role of contaminated hydrotherapy equipment**
J. M. Embil, J. A. McLeod, A. M. Al-Barrak, G. M. Thompson, F. Y. Aoki, E. J. Witwicki, M. F. Stranc, A. M. Kabani, D. R. Nicoll and L. E. Nicolle

689 **Cryopreserved cultured epidermal allografts achieved early closure of wounds and reduced scar formation in deep partial-thickness burn wounds (DDB) and split-thickness skin donor sites of pediatric patients**
H. Yanaga, Y. Udoh, T. Yamauchi, M. Yamamoto, K. Kiyokawa, Y. Inoue and Y. Tai

699 **Strategies to improve the take of commercially available collagen/glycosaminoglycan wound repair material investigated in an animal model**
I. Grant, C. Green and R. Martin

709 **Effect of trypsin–chymotrypsin (Chymoral Forte D.S.) preparation on the modulation of cytokine levels in burn patients**
T. RaviKumar, M. Ramakrishnan, V. Jayaraman and M. Babu

717 **Nerve outgrowth and neuropeptide expression during the remodeling of human burn wound scars: A 7-month follow-up study of 22 patients**
V. Altun, T. E. Hakvoort, P. P. M. van Zuijlen, Th. H. van der Kwast and E. P. Prens

723 **Revised estimates of mortality from burns in the last 20 years at the Birmingham Burns Centre**
A. Rashid, A. Khanna, J. P. Gowar and J. P. Bull

731 **Flame burn admissions and fire fatalities in Scotland with particular reference to the Strathclyde (Glasgow) region, and their prevention**
N. S. Sarhadi, W. H. Reid, G. D. Murray and J. Williamson

739 **Treatment with cerium nitrate bathing modulate systemic leukocyte activation following burn injury: an experimental study in rat cremaster muscle flap**
M. Eski, M. Deveci, B. Çeliköz, M. Nisanci and M. Türegün

747 **A new alcohol solution (*N*-duopropenide) for hygienic (or routine) hand disinfection is more useful than classic handwashing: in vitro and in vivo studies in burn and other intensive care units**
R. Herruzo-Cabrera, J. García-Caballero and M. J. Fernandez-Aceñero

Burn Care in Practice

753 **Skin grafting of the naso-orbital region as a single aesthetic unit**
C. Acikel, F. Peker and E. Ulkur

759 **A prospective controlled clinical study of skin donor sites treated with a 1-4,2-acetamide-deoxy-B-D-glucan polymer: a preliminary report**
W.-S. Ho, S. Y. Ying, P. C. L. Choi and T. W. Wong

Case reports

763 **Severe gastrointestinal haemorrhage and ischaemic necrosis of the small bowel in a child with 70% full-thickness burns: a case report**
M. D. Wilson and P. Dziewulski

767 **Massive bleeding from a Dieulafoy-like lesion of the rectum in a burns patient**
R. J. Guy, E. S. W. Ang, K. C. Tan and C. B. S. Tsang

771 **Successful use of methadone in the treatment of chronic neuropathic pain arising from burn injuries: a case-study**
N. Altier, D. Dion, A. Boulanger and M. Choinière

777 **Fig leaf tanning lotion and sun-related burns: case reports**
D. Bollero, M. Stella, A. Rivolin, P. Cassano, D. Risso and M. Vanzetti

781 **Garlic burns**
A. M. Baruchin, A. Sagi, B. Yoffe and M. Ronen

783 **Letter to the Editor**

785 **Recent references**

Volume 27 Number 8 November 2001

Scientific and Clinical Papers

Editorial

791 **Standards and quality in burn treatment**
P. G. Shakespeare

793 **Psychological approaches during dressing changes of burned patients: a prospective randomised study comparing hypnosis against stress reducing strategy**
M.-C. Frenay, M.-E. Faymonville, S. Devlieger, A. Albert and A. Vanderkelen

801 **A survey of the need for psychological input in a follow-up service for adult burn-injured patients**
J. A. Wisely and N. Tarrier

809 **Role of nitric oxide in myocardial dysfunction after combined burn and smoke inhalation injury**
K. Soejima, F. C. Schmalstieg, L. D. Traber, C. Szabo, A. Salzman and D. L. Traber

817 **Pentadecapeptide BPC 157 cream improves burn-wound healing and attenuates burn-gastric lesions in mice**
D. Mikus, P. Sikiric, S. Seiwerth, A. Petricevic, G. Aralica, N. Druzijancic, R. Rucman, M. Petek, B. Pigac, D. Perovic, M. Kolombo, N. Kokic, S. Mikus, B. Duplancic, I. Fattorini, B. Turkovic, I. Rotkvic, S. Mise, I. Prkacin, P. Konjevoda, N. Stambuk and T. Anic

829 **The long-term consequences of lightning injuries**
T. Muehlberger, P. M. Vogt and A. M. Munster

Burn Care in Practice

835 **The tumescent technique to significantly reduce blood loss during burn surgery**
R. D. Robertson, P. Bond, B. Wallace, K. Shewmake and J. Cone

839 **An alternative dressing for skin graft immobilization: negative pressure dressing**
K.-P. Chang, C.-C. Tsai, T.-M. Lin, C.-S. Lai and S.-D. Lin

Case reports

843 **Hematogenous cervical spondylodiscitis after severe burn injury**
G. Riedel, S. Becker and M. Steen

849 **Muscle transposition and skin grafting for salvage of below-knee amputation level after bilateral lower extremity thermal injury**
C. Açikel, F. Peker, İ. Akmaz and E. Ülkür

853 **Exploding microwaved eggs—revisited**
Y. Wolf, N. Adler and D. J. Hauben

856 **Erratum**

I **Index for Volume 27**
